

**Search for a Spanish Partner for a
Bilateral R&D Project (this document will be shared with potential Spanish
companies)**

Organization	
Date of Request:	27/11/2019
Company name:	MAScIR Foundation (Green Biotechnology Center)
Contact person and title/ designation:	Iman Bennis , Project leader
E-mail:	i.bennis@mascir.ccom
Phone number:	
Mobile number:	+212661784103
Website:	www.mascir.com

SECTION 1: Your Company Profile <i>(Please give brief / to the point explanations. For more explanation on any point below, you may add a short paragraph as an annexure, with this document.)</i>	
Business Sector	Green Biotechnology
Company mission or core functions	R&D
Date of establishment	2007
Ownership (if public and traded, add stock exchange and ticker symbol)	OCP group
Total number of employees	130
Number of employees in R&D	100
Key products sold or services provided	<ul style="list-style-type: none"> - Development services and products to partners and customers, particularly in the fields of environment, energy, health and - valorization of Moroccan natural resources. - Biotechnological tools to enhance productivity of microalgae and their products - Process optimized for the production

	of biodiesel
Company core technical competences	Biotechnology of microalgae and soil bacteria
Key R&D programs and activities	<ul style="list-style-type: none"> - Biofuels from Microalgae - Biogaz from microalgae - Waste water treatment - Plant biostimulant based on microalgae - Bacteria- microalgae symbiosis for different applications - Nutraceuticals ingredient based microalgae
Examples of accomplishments	WABA- Eranetmed project (2017/2019)
Company strategic orientation	R&D Projects oriented to market

SECTION 2: Partner of Interest

(Please provide a brief summary of the prospective partner company or organization. This summary may address some or all of the points below)

Profile of ideal technology partner	Biofuels, high value products from microalgae producer/ company acting in microalgae processing
Core technological competencies and expertise	<ul style="list-style-type: none"> - Microalgae culture and biomass processing - Extraction of - Valorization of co products
Other essential qualifications (e.g.: ownership, track records etc.)	
If you have a list of companies with whom you are in contact or interested in contacting, please provide contact details	
If you are interested in collaboration: please specify details and other important information you want to share with a potential company	MASclR Green Biotechnology center is center of excellence and the leader in Morocco in the field of microalgae biotechnology (several projects in many industrial applications).
Interested areas of collaboration	- Extraction of high value product

	<p>from microalgae and production of crude biofuels from microalgae for different uses</p> <ul style="list-style-type: none">- Waste water treatment and production of energy from residual microalgae biomass
Specific R&D contribution you are seeking/offering	<ul style="list-style-type: none">- Optimization at lab and pilot scale of all process steps relevant to different microalgae applications
